**Huntington, WV (HNN)** -- Chelsea Field performed country music at the Heiner's Bakery Summer Concert Series at Pullman Square on a perfect summer evening on Thursday, July 12, 2007

Field dressed in a white out fit was quite pleasing to the eye as one observer remarked. Once again it was a diverse audience at Pullman Square with kids playing with green balloons and the audience enjoying the country music from Field.

Several people were getting her autograph at the break. Originally from the area, Field now lives in "Music City" -- Nashville, TN.
